# 2024 SPE<sup>®</sup> TPO GLOBAL AUTOMOTIVE CONFERENCE

## Paper & Presentation Author's Release Form

The SPE<sup>®</sup> TPO Global Automotive Conference provides a forum whereby the world's leading authorities on thermoplastic polyolefins can present and exchange the latest developments and technology with others in the industry. This exchange is conducted through technical papers and presentations delivered during the various Conference sessions (collectively, "Technical Papers").

Technical Papers delivered during the Conference may be recorded and will be made available to all registered conference attendees as part of the Conference proceedings ("Purpose").

---

Technical Papers will only be used for the 2024 SPE TPO Global Automotive Conference. Written permission from the author is required for any other use.

I authorize the use of my Technical Papers/presentations:

**Titled:** \_\_\_\_\_

to the Conference Planning Committee solely for this Purpose, subject to any reservations and disclaimers set forth in such Technical Papers.

**Signature:** \_\_\_\_\_

**Name:** \_\_\_\_\_

**Company / Institution:** \_\_\_\_\_

**Please submit this completed form to one of your Session Co-Chairs by June 20, 2024.**

This educational program is provided as a service of SPE. The views and opinions expressed on this or any SPE educational program are those of the Speaker(s) and/or the persons appearing with the Speaker(s) and do not necessarily reflect the views and opinions of the Society of Plastics Engineers, Inc. (SPE) or its officials, employees or designees.

Copyright & Permission to Use

SPE may take photographs and audio/video recordings during the event, pre-event meetings and receptions that may include attendees within sessions, networking areas, exhibition areas, and other areas associated with the event both inside and outside of the venue.
