**CALL FOR PRESENTATIONS**  
ABSTRACTS DUE: MAY 1, 2026  
PRESENTATIONS DUE: AUGUST 1, 2026

**ATTEND THE WORLD'S LEADING  
ENGINEERED POLYOLEFINS FORUM**

For more than 25 years, the Conference has set the benchmark as the world's leading automotive engineered polyolefins forum, typically featuring 60+ technical presentations, select keynote speakers, automotive OEM-led discussion panels, networking, sponsored receptions, and an integrated expo that highlight advances in polyolefin materials (PE, PP, PP Compounds, TPOs/TEOs), processes and application technologies, as well as a growing range of thermoplastic elastomers (TPEs) and thermoplastic vulcanizates (TPVs). This year's event is a full live in person program with some planned hybrid elements such as virtual post event access, promising an even greater global participation. The conference will be held **SEPT. 28 -OCT. 1** at the **Detroit Marriott Troy Hotel** in Troy, MI USA.

**PRESENT TO A LARGE GROUP OF DECISION  
MAKERS IN ENGINEERED POLYOLEFINS**

The SPE TPO Global Automotive Engineered Polyolefins Conference typically draws over 650 attendees from 20 countries who are vitally interested in learning about the latest in rigid and elastomeric TPO as well as TPE and TPV technologies. Nearly a quarter of conference attendees work for a transportation OEM, and over 10% work for a Tier integrator. Few conferences of any size can provide this type of networking opportunity throughout the entire industry value chain or put you before such an engaged, global audience interested in hearing the latest olefin advances. Interested in presenting your latest research? Abstracts are due **MAY 1, 2026**, and Papers/Presentations on **AUGUST 1, 2026**. Email abstracts/papers to [TPOpapers@auto-tpo.com](mailto:TPOpapers@auto-tpo.com).
